

Medical Check-up

Medical Fitness

All successful applicants are required to undergo medical examination and to be certified mentally & physically fit to pursue your course of study at the point of enrolment or before course commencement.

In the interest of the general safety of our staff and students, you are required to inform the polytechnic in writing prior to accepting the course should you suffer from the following medical condition(s) (e.g. epilepsy, physical disability and/or other disability such as hearing impaired and mute).

You may then be required to attend an interview and/or test stipulated by the Polytechnic to ascertain your suitability to pursue the course. You may be granted admission on a case-by-case basis and/or advised to consider other alternatives including transfer to another course after assessment/interview by us.

Pre-Enrolment Medical Check-up

Step 1: Make an appointment with one of the following medical clinics for your pre-enrolment medical check-up.

Step 2: Bring along printout of the Medical Form (Part 1 & Part 2) for your pre-enrolment medical check-up.

Step 3: Collect the medical report & X-ray report/card from medical clinic within 3-5 working days.

Step 4: Submit completed medical report together with other forms to Temasek Polytechnic within the stipulated date.

Note: - Please make an appointment at least one day in advance.

- Please note that costs incurred for your medical check-up will be fully borne by you.
- If your medical report requires more than 5 working days for collection, please mail in the report later. Do not hold back on the submission of other documents.
