 3.2 USER GUIDE FOR WINDOWS 8.0/8.1 – MANUAL CONFIGURATION 5

1. INTRODUCTION

The objective of this documentation is to guide TP students on how to configure the TP wireless SSID “TP-STUDENT” on laptops running Windows 8 Operation System.

2. REQUIREMENTS

What you will need to connect to TP Student Wireless Network.

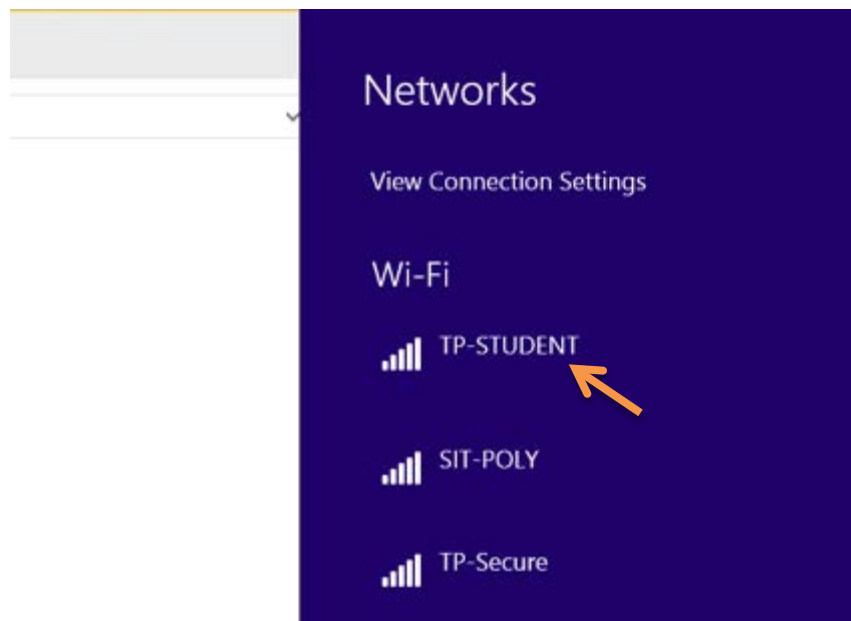

To connect to TP Wireless Network, you will need:

- A Windows 8 Laptop.
- TP Student Account.

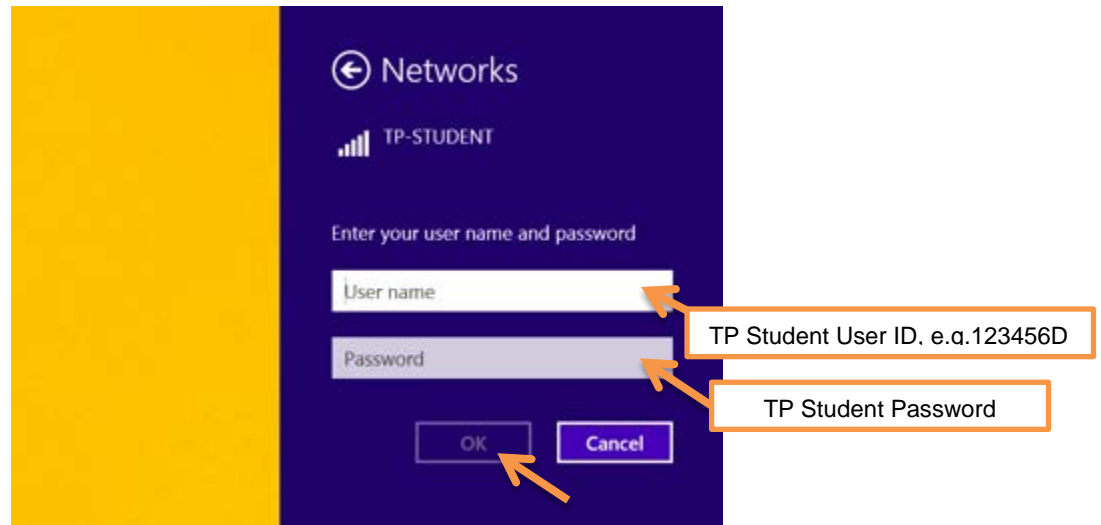

3. CONFIGURATION OF WIRELESS SETTING

3.1 User Guide for Windows 8.0/8.1 – Auto Configuration

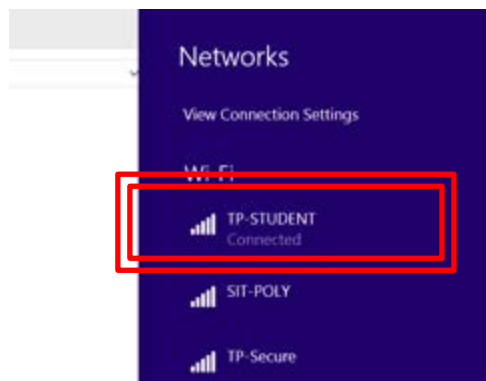

3.1.1 On the right bottom corner of your desktop, click on the icon  to bring up the wireless connection and select “TP-STUDENT”

3.1.2 Enter the TP-STUDENT credentials and click OK.

3.1.3 Click "Connect" on the warning to connect to the TP-STUDENT.

3.2 User Guide for Windows 8.0/8.1 – Manual Configuration

- 3.2.1 Please open “Network and Sharing Center”. To do this, press the Windows key on your keyboard to open the Start menu as shown in Figure 3.2A. Click the search icon  on the top right and type in ‘network and sharing’. Now click “Network and Sharing Center” as shown in Figure 3.2B.

Figure 3.2A

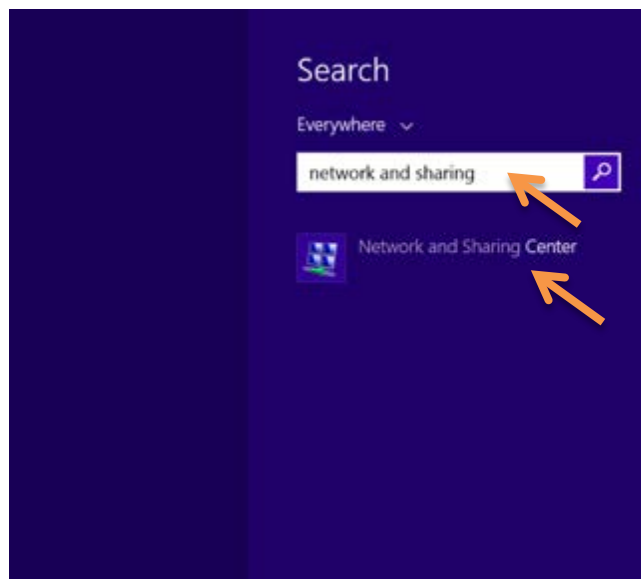

Figure3.2B

3.2.2 In the new window, under “Change your networking settings”, click “Set up a new connection or network” as shown in Figure 3.2C.

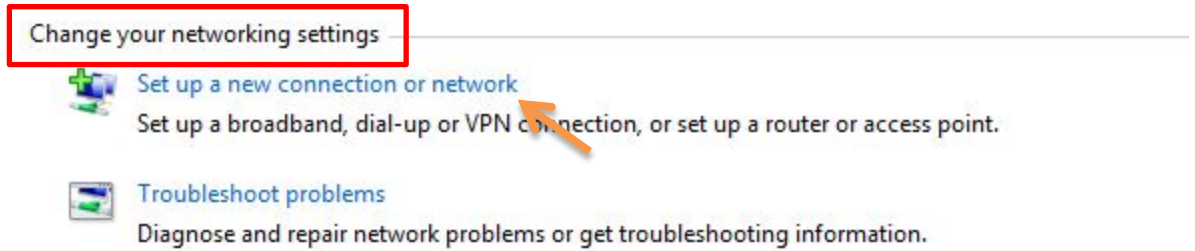

Figure 3.2C

3.2.3 In the new pop-up window, select “Manually connect to a wireless network” and click “Next”. Please refer the Figure 3.2D.

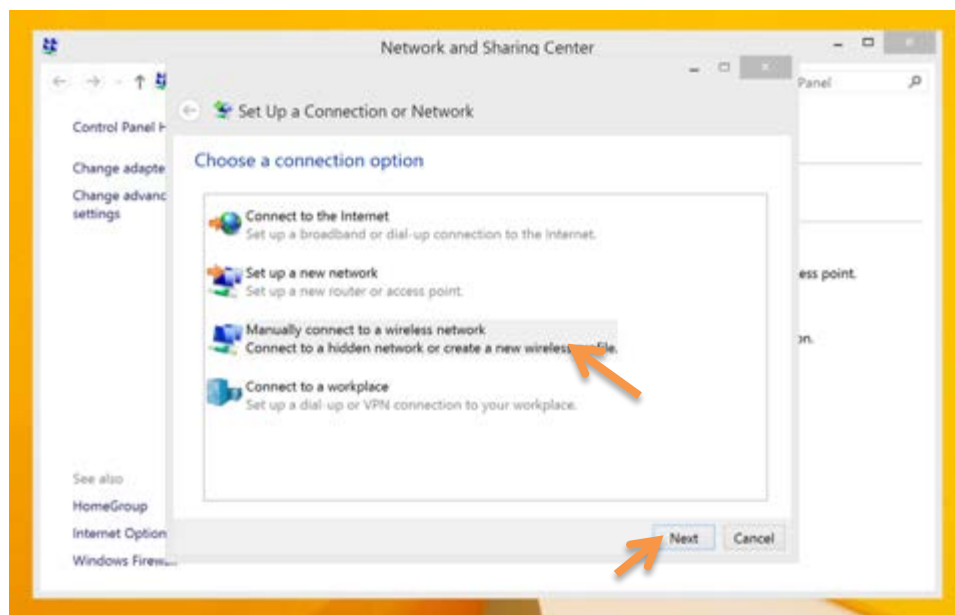

Figure 3.2D

3.2.4 Type in “TP-STUDENT” on the Network name and select “WPA2-Enterprise” on Security type and click “Next” to continue as in Figure 3.2E.

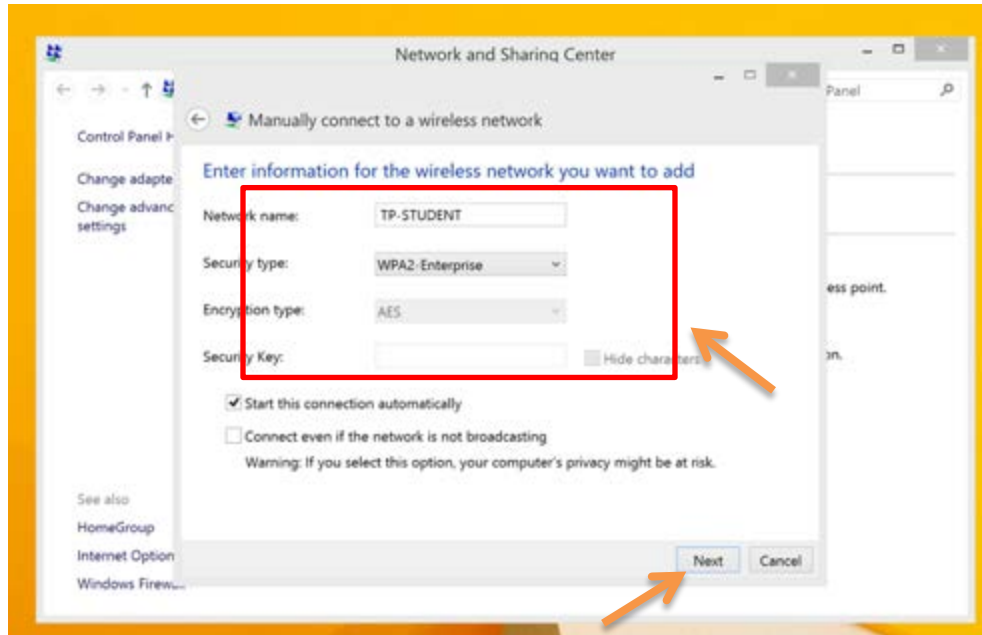

Figure 3.2E

3.2.5 “TP-STUDENT” is now successfully added. Now click “Change connection settings” as in Figure 3.2F.

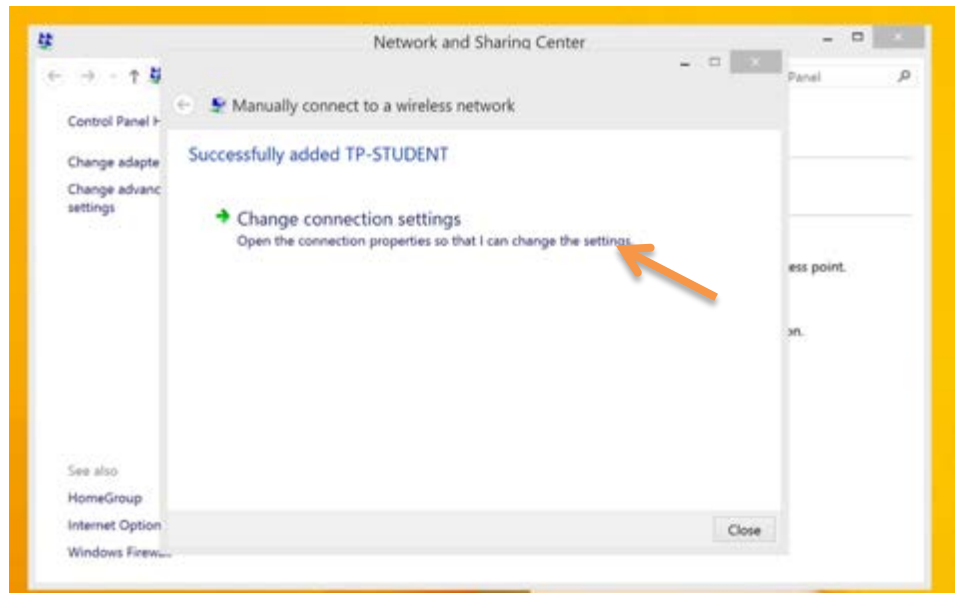

Figure 3.2F

3.2.6 Select the “Security” tab under “TP-STUDENT Wireless Network Properties” and click “Settings” as shown in Figure 3.2G and Figure 3.2H

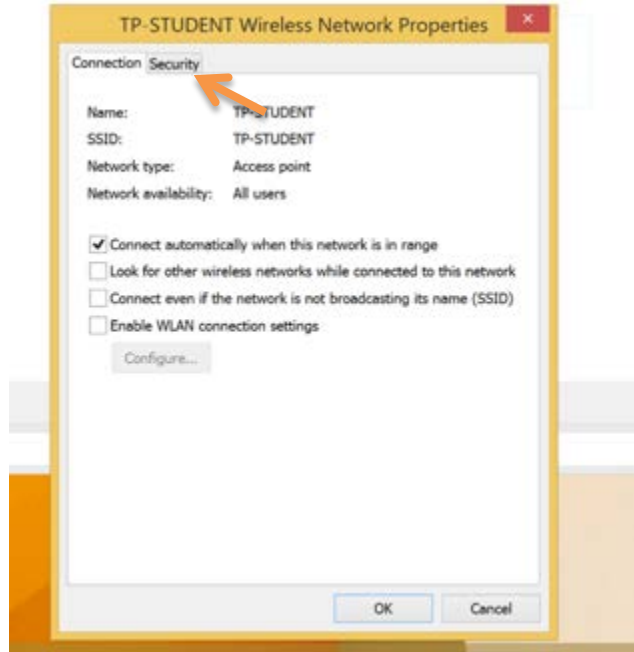

Figure 3.2G

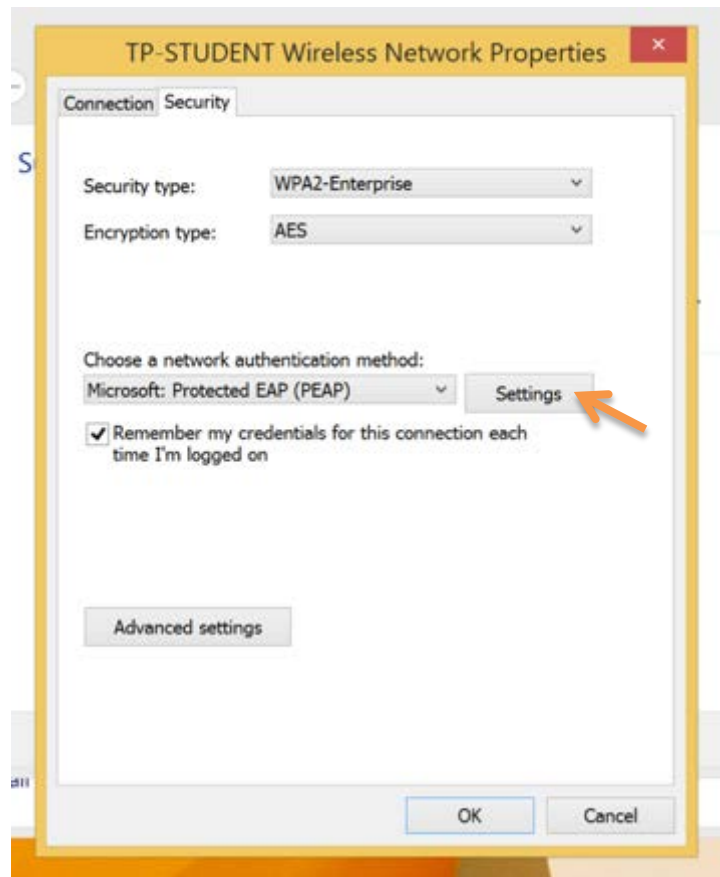

Figure 3.2H

3.2.7 Under “Protected EAP Properties”, **check** “Verify the server’s identity by validating the certificate” and Click OK.

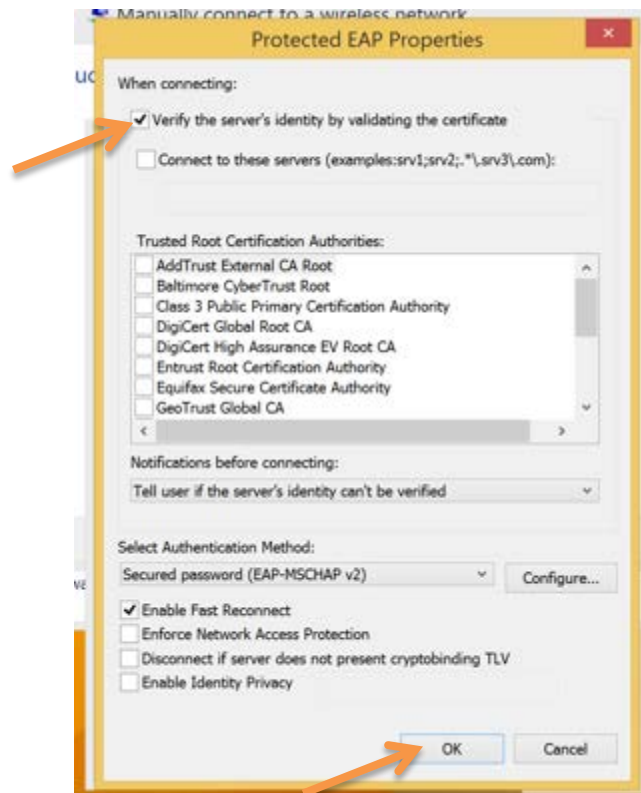

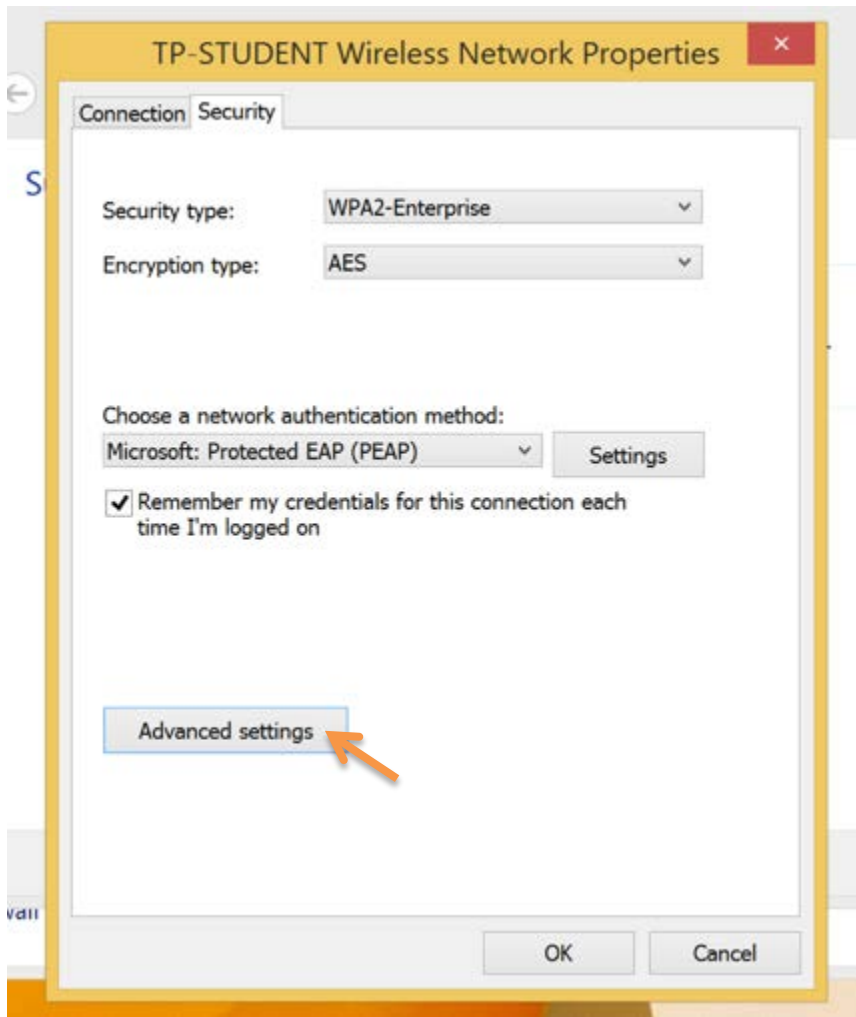

Figure 3.21

3.2.8 Click on “advanced setting” as show in Figure 3.2J

- 3.2.9 **Check** “Specify Authentication mode” and select “User authentication” from the drop-down menu and click OK until all windows are closed as show in figure 3.2K.

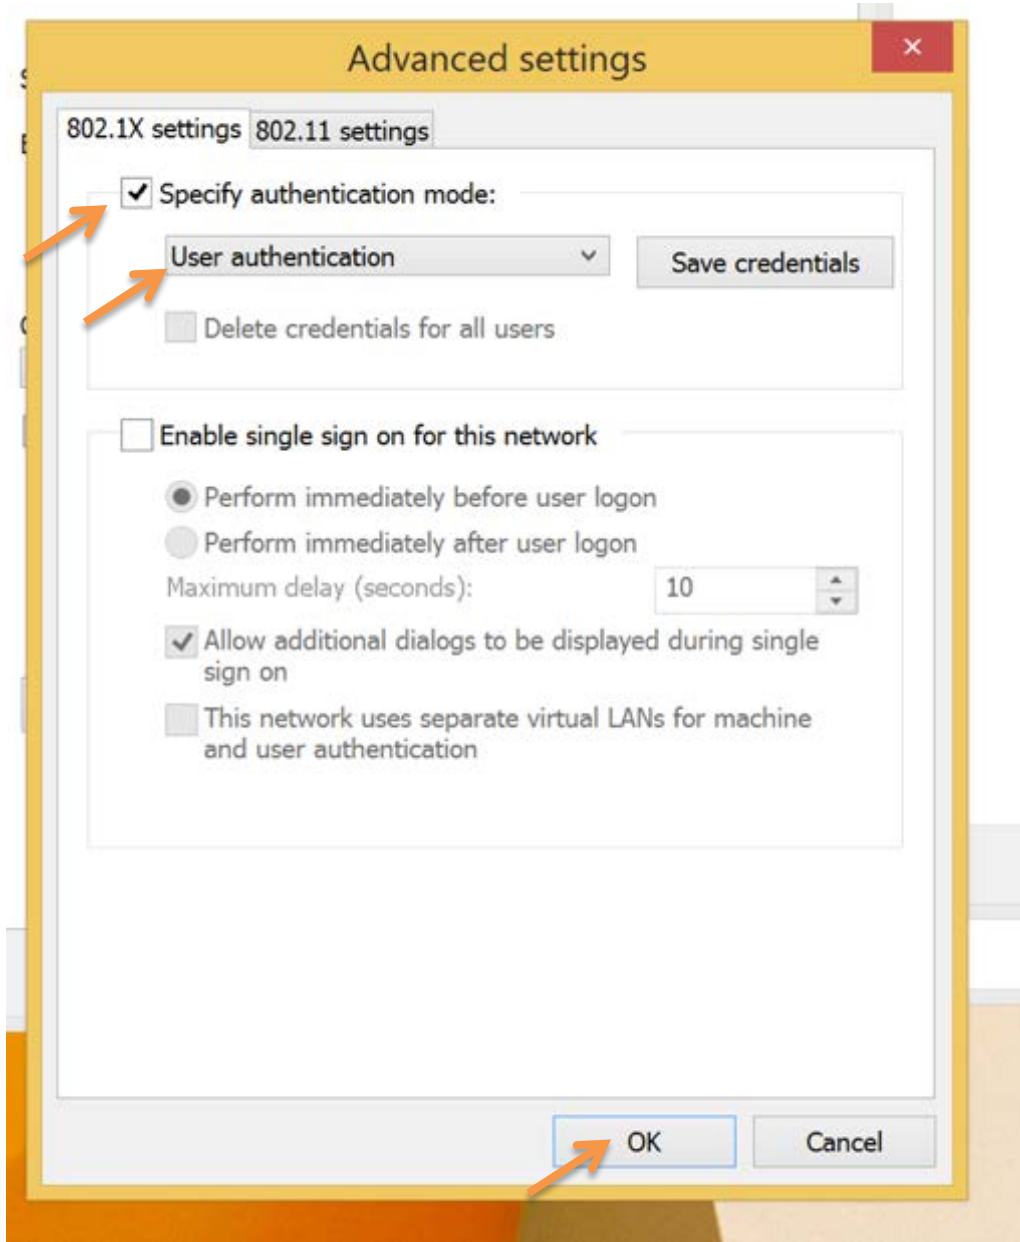

Figure 3.2K

3.2.10 On the right bottom corner of your desktop, click on the icon  to bring up the wireless connection and select "TP-STUDENT". Click "Connect" button as shown in Figure 3.2L.

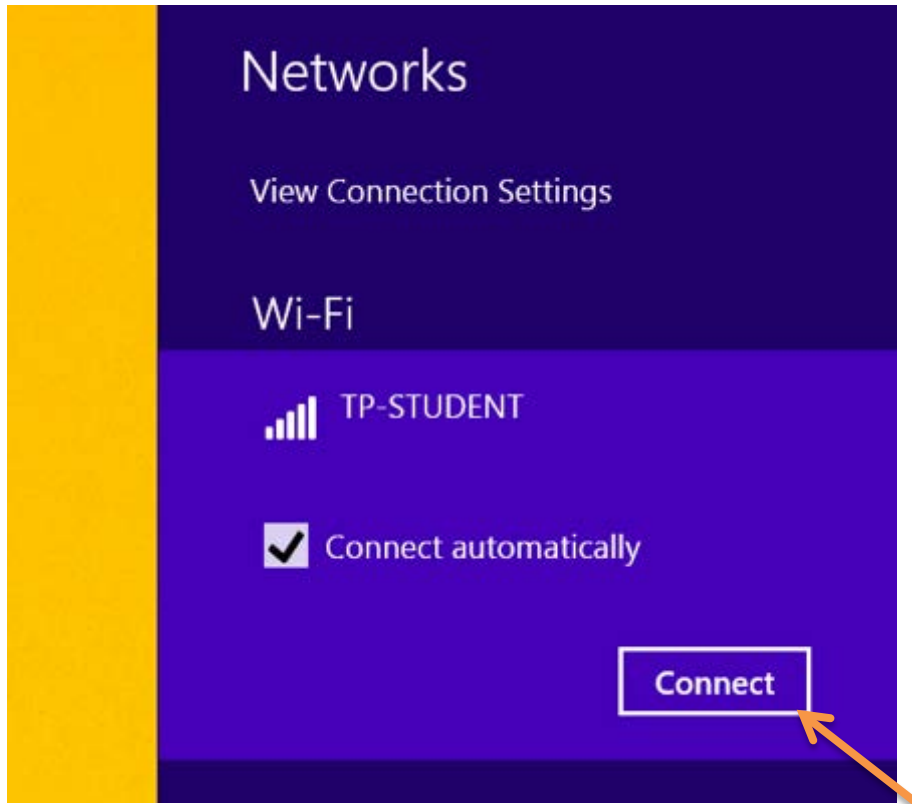

Figure 3.2L

3.2.11 Type in your TP STUDENT credentials and click “OK” to connect to “TP-STUDENT” network.
