What You'll Learn

YEAR 1

Build a good foundation in fundamental business subjects. The early exposure to TP Fundamental subjects and business subjects in the first semester will better guide you to the course you want to pursue.

Curri	Curriculum For Semester 1 —				
	Subject Code	Subject	Credit Units		
^	BAF1010	Business Accounting	4	^	
		This subject provides you with an understanding of the core accounting principles underlying accounting practice; from the preparation of accounting entries to the financial statements of businesses. It also focuses on how various businesses report the results of their activities in the financial statements.			
^	BBS1001	Principles of Management	4	^	
		This subject covers the key management functions of planning, organising, leading and controlling. It addresses the impact of environmental factors that affect business and the relevance of corporate social responsibility in an organisation. It emphasises the roles, responsibilities and challenges faced by supervisors/managers in an organisation.			
^	BBT1010	Business Technology & Analytics	4	^	
		This subject provides an overview of how digitalisation and business technology impact the future of work and businesses. It also encompasses the utilisation of digital information and applications to facilitate decision making and problem solving through data analysis and visualisation.			
^	BCS1011	Communication & Information Literacy	2	^	
		In this subject, you will learn how to conduct research for relevant information and validate information sources. You will also learn to recognise and avoid plagiarism, and follow standard citation and referencing guidelines when presenting information. In the course of learning, you will be required to plan, prepare and present information appropriately in written and oral form. You will also be taught to consider the Message, Audience, Purpose and Strategy (MAPS) when writing and delivering oral presentations.			

^	BEC1007	Business Economics	4	^
		The subject covers the fundamental principles of economics		
		for understanding how individuals and firms make decisions. It		
		will focus on the various aspects of the product market:		
		demand and supply, elasticity, market competition, product		
		differentiation. The subject includes an overview of		
		macroeconomic indicators, the government's macroeconomic		
		objectives and policy tools.		
^	GCC1001	Current Issues & Critical Thinking	2	^
		This subject presents you with a panoramic view of current		
		local and global issues, which may have long term implications		
		for Singapore. You will learn to apply critical thinking tools to		
		examine current issues, support your views with relevant		
		research and up-to-date data, articulate an informed opinion		
		and mature as civic-minded individuals.		
^	LEA1011	Leadership: Essential Attributes & Practice 1	1	^
		LEAP 1, 2 and 3 are three fundamental subjects that seek to		
		cultivate in you, the attitude, skills and knowledge for the		
		development of your leadership competencies. This character-		
		based leadership programme enables you to develop your life-		
		skills through establishing personal core values, which will		
		become the foundation for your leadership credibility and		
		influence.		
^	MCR1001	Career Readiness 1	1	^
		This Career Readiness programme comprises three core		
		subjects - Personal Management, Career Preparation and		
		Career Management. It seeks to help you understand		
		your career interests, values, personality and skills for		
		career success. It also equips you with the necessary		
		skills for seeking and securing jobs, and to develop		
		professional work ethics.
