

## MOE Innergy (Gold) Award 2025

The ETC team was awarded the Ministry of Education (MOE) Innergy (Academic) Gold Award 2025 for their project, “Enhancing Teaching & Learning: A Roleplay Platform with Generative AI driven Digital Humans”.

The project offers a scalable, cost-effective roleplay platform, empowering educators to create immersive learning experiences regardless of class size. Key innovations include a no-code platform for independent content creation and AI-driven assessments for personalised feedback, making roleplay more accessible, efficient, and effective.

The MOE Innergy Award is a national award that recognises individuals and teams across Ministries for developing and implementing innovations that bring significant positive impact to their workplaces.

The winning project team (from left to right): Zhou Hong, Ezra Pang, Christopher Khong, Rick Png, Kyawt Kyawt Khaing, Sherly Chiech, Tan Hock Soon, Chris Lau, Ivan Goh & Tan Cheng Khoon (Team Lead)
