

# WORKSHOP

## Immersive Role-Play Applications (IRA)

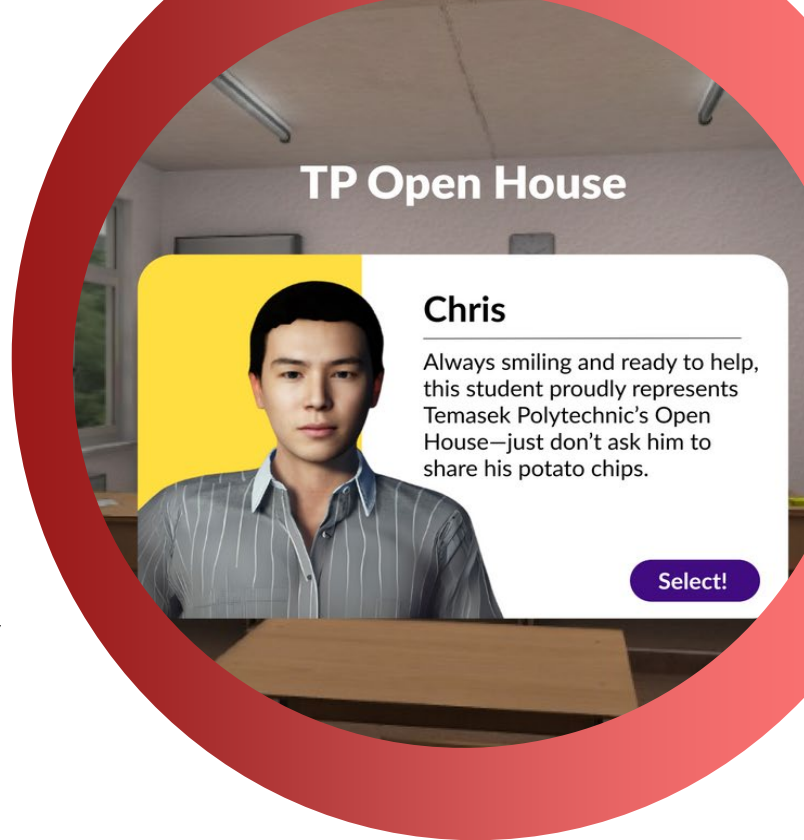

**Level: Basic**

### TAKE THE NEXT STEP!

The IRA platform lets educators and trainers easily create, publish, and assess immersive role-plays — no coding needed — accessible anytime, anywhere running on Windows and macOS.

### WHAT YOU'LL LEARN

- Design multi-branch storylines with diverse character personas.
- Configure assessment criteria and integrate AI-generated formative feedback.
- Manage learner accounts, groups and progress analytics.
- Publish, update and version-control role-play applications across multiple platforms.

### WHO SHOULD ATTEND

- ✓ Learning & Development Managers
- ✓ Instructional Designers
- ✓ Trainers & Educators using IRA-based modules

### COURSE DETAILS

- 📅 22 September 2025
- 📍 Enabling Technology Collaboratory, Temasek Polytechnic
- 🕒 0900–1800
- 💰 \$100 per pax (excluding GST)
