

NTUC TRAINING FUND

Leveraging on the Self-Employed Person (SEP) Support Scheme co-funded by the Government and NTUC, the NTUC Training Fund (SEPs) enables SEPs to earn as they learn. It also aims to support SEPs to deepen and/or acquire new competencies during this difficult period, in preparation to seize new opportunities when the economy recovers.

How can I benefit from this training fund ?

The NTUC Training Fund (SEPs) is applicable for courses under the SkillsFuture Series and selected sector-specific training courses. These courses are eligible for course fee subsidy, SkillsFuture Credit, and Training Allowance of at least \$10 per hour.
