

# Get yourself future-ready while studying for a Diploma @ TP!

## Join the **TP-NUS Pathway Programme**

**Jointly** administered by Temasek Polytechnic (TP) in partnership with National University of Singapore (NUS), the TP-NUS Pathway Programme (PP), allows students who enrol in TP courses to take modules taught by NUS while studying for their diploma, and to earn credits which are recognised by NUS

BEng (Electrical Engineering) undergraduate programme from the College of Design and Engineering.

By taking NUS modules in your final semester, alongside with NUS students, you can complete your degree earlier than your peers.

### Who is Eligible?

All students from the following courses:

- Diploma in Biomedical Engineering (BME)
- Diploma in Computer Engineering (CEN)
- Diploma in Electronics (ELN)
- Diploma in Mechatronics (MTN)
- Common Engineering Programme (CEP)\*

\* For students who are streamed into the above 4 diplomas from CEP

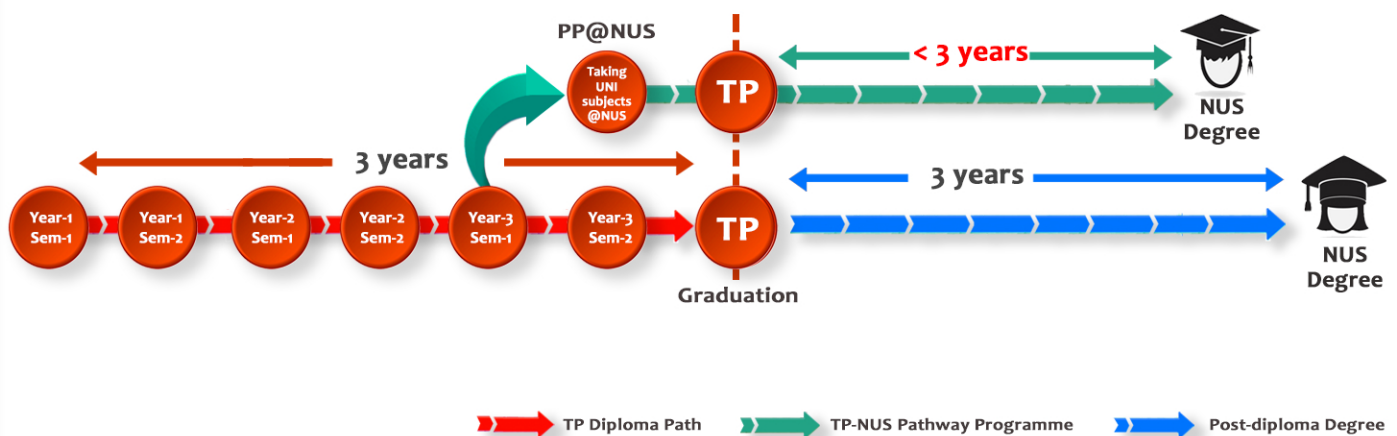

### Application & Selection Criteria

- Student can express interest to the Pathway Programme after a briefing in Year-2 Semester-1.
- Selection of students will be by merit and interview.

### What are the Benefits?

- Earn credits and enhance your admission chances to the Electrical Engineering degree course in NUS.
- Shorten the time to get from Diploma to Degree to Work.
- Gets an immersion of university life during your diploma studies.
