We are MEaNT to Be: Supporting & Engaging Male EC Educators Virtual Event

We don't hide it – the EC sector is made up of mostly women! But to support and engage our equally wonderful male preschool teachers-in-training, we organised “We are MEaNT to Be” to remind them we're all one big NIEC fraternity!

If you love the world of creative writing, we got you! We worked with Potato Productions last year to share tips for writing stories to use in learning experiences for children. Our students got to create and submit stories for the creative digital storytelling app Nine Tales!

Nine Tales: Creative Writing Workshop
