• the **Country Analyser** option under **Route Capacity Analyser** also provides interactive charts, & tables. Did you know, for example, that from Sep 2011 to Mar 2016 on flights between the 2 countries, Singapore Airlines had & will have way, way more seats than Qantas Airways? Well obviously! We all know the Singapore Airlines staff are just sooo much nicer 😊

**Traffic Benchmark**

• compare two or more airlines or airports. Also news & brief analysis reports
Rankings

- find out which are the best and which are the worst airlines, airports, fleets, countries, regions, & more. All menu options available here, from CAPA Analysis to Traffic. For e.g., the Pickle Lake Airport in Ontario ranks 2766 in the world in terms of seats, Singapore Changi Airport ranked at 15 in Oct 2015.

Low Costs Carriers (LCC)

- news, analysis, lists, & market shares. Includes a very nice definition of a low cost carrier

Start-up Airlines

- lists, recently launched airlines, grounded airlines, news, & analysis; interactive charts

CAPA Fleets Analytics

- what type of aircraft, who leases them, what's on order, what's been delivered, who has the oldest aircraft, & more. Did you know that as of 12 Oct 2015, there are more narrowbody than widebody jets in worldwide fleets?
Airline Finder

- find airlines by country, fleet type, & business model

Codesharing and Interlining

- codesharing is very simply an agreement where one airline sells tickets on the flights of another airline. Find news, brief analysis reports, & which airlines are codesharing

Select the airline from the DROP-DOWN list, OR click on the word Airlines, then enter a search or browse the alpha-list. The About option gives a very nice snapshot of the airline; all the menu tabs are available.
Outlook

- see at a glance what’s predicted for your selected airline for the next 3 or 6 months

![Traffic, Finance, Seat Capacity, Cargo, Fleet graphs](image)
